Thanks Andy, I made some slight changes and have left one comment in here to describe the changes a bit.

I added where we will need help in green.

I suggest you not go through the appendix but just let them know that that is the summary and many of the pieces are what we will be updating or clarifying in the reg. revision.

I will then go over the attached sheet verbally, mostly because I've not finalized with management so don't want to create any angst but want to get a sense if folks want to volunteer for something.

Unless you both think it is okay to send out but maybe clear the initials from the side bars?

Talk to you at 1. - Kathy

Hi Kathy and Ruth,  
Here is a draft of the presentation I plan to give tomorrow for Brittany and Chris. I will print out handouts with 2 slides per page, plus the two graphics. Please send me comments or suggestions. I plan to not go into the Appendix unless there is time and interest.

Kathy - On slide 6, I am unsure about 1) the 2010 memo about endangered species and 2) the EPA approach proffered to FL - could you please summarize those for me?

Thanks,  
Andy
